All parts of the Zig-Zag reception desk match every room without any problems. The counter can be arranged in any way from the modules which may consists of one or more elements.

reddot design award  
winner 2012

The reception desk with its original form should be enough to arrange every reception hall. It is very effective in dark rooms where it is lightened from the inside and fulfills a role of a spectacular halogen. White, metal openwork wreathing subtly round the body and contrasting with the highlighted interior is a very characteristic element of the reception desk. Beautiful frontal part of the counter hides ergonomic interior with a wide desk top which allows to organize work at the reception desk without any problems.

While creating Organic we listened to the best architect — nature itself.

Organic, cubic form filled with organic shapes, takes its design straight from nature to provide a bit of relaxation in today's stressful world.

The irregular design of the reception desk stimulates the imagination. The spider web with reflecting sunlight, or perhaps cells of a living organism? The natural design is emphasised by backlighting system of fluorescent light. The final impression is completed by the glass top that gives the reception splendor and nobility.

Soft design attracts attention.

The modular system allows you to create the reception desk corresponding to your own needs. The stylish design can decorate all the whole front of the counter or it can protrude on the left or right side. White makes the reception desk look fresh and gives plenty of options to arrange the place allowing individual ideas; white goes well with every other color.

# FORO

Unique, cubist shape of the reception desk makes the character of the room very expressive. Two overlapping rectangles available in four color variants — white, green, red and orange create the front of the counter. Glitter of the frontal parts contrasts with the matt body and the desk top which can be white or chestnut. Not so big body of Foro is extremely capacious and offers enough space for essential devices and stationery.

OVO

Ovo is a multifunctional reception desk dedicated to small rooms or customer service bureaus. Due to a lowered desk top it is easy to communicate with a client in a sitting position. The common part of the desk top allows to deal with documents easily and provides trouble-free communication. The lifted part of the reception desk includes a hidden computer stand and the vertical shelf for files and documents. Apart from ergonomics the Ovo reception desk offers an interesting form connecting a white oval of the desk top with a dark rectangle of the body and the frontal part of furniture produced in two optional colors – cocoa and chestnut.

# TERA

TERA combines high gloss HPL elements with MFC in white, Canadian oak or nut. It is a modular solution allowing to create compatible or large reception counters depending on requirements. It comes with optional top highlighted with LED lighting.

Evoke the feel of nature in your spaces with this reception desk inspired by the shapes of the Alps. Crafted not only to make guests feel welcomed but also to suit the demands of modern reception areas, integrates the ALPA functionality with grace and timeless design. Luxurious and casual at the same time, a modular reception counter ALPA is available in various arrangement and colours. The glittering front made of glass enlivens every room despite its neutral colour — aluminium, black or white. Minimal aesthetic and clean lines are the most striking features of this reception desk that are highlighted by an illuminated kick plate.
